

Are you making a Game or a Computer Program - Game/Simulation?

Computer used?

No

Enter as a Game

Yes

Computer used to open or access a program?

No

Enter as a Game

Yes

Computer used to create backgrounds, images, pieces, rules or instructions?

No

Enter as a Game

Yes

Computer used to show/present/explain a process?

No

Enter as a Game

Yes

Computer used to link, hyperlink or synchronise different elements or sections?

No

Enter as a Game

Yes

Computer used to request/accept user input?

No

Enter as a Computer Program - Game/Simulation

Yes

Computer used to create single or multiple responses to user input(s)?

No

Enter as a Computer Program - Game/Simulation

Yes

Computer used to control user inputs produce pre-determined responses?

No

Enter as a Computer Program - Game/Simulation

Yes

Computer used to generate movement/action/change in response to inputs?

No

Enter as a Computer Program - Game/Simulation

Yes

Computer used to offer variable outcomes/outputs dependant on used choices/inputs?

No

Enter as a Computer Program - Game/Simulation

Yes

Computer used to identify, instruct, code, script or program variables, objects or instances?

No

Enter as a Computer Program - Game/Simulation

Yes
